

Hated If

(Giuseppe Ricciolino)

Their lives goes wrong and they're frustrated
They've got an excuse for their faults.
Because instead of feelin' ashamed
they find another one to blame.

Hated if you do, hated if you don't, hated if you do.
Tell me what do you want?
Hated if you do, hated if you don't.
Then show me how'd you do.
Hated if you do, hated if you don't, hated if you do.
Tell me what do you want?
Hated if you do, hated if you don't.
So shut your mouth.

Every choice I'm makin' someone disagree.
So maybe baby you don't like, but you need me.

Hated if you do, hated if you don't, hated if you do.
Tell me what do you want?
Hated if you do, hated if you don't.
Then show me how'd you do.
Hated if you do, hated if you don't, hated if you do.
Tell me what do you want?
Hated if you do, hated if you don't.
So shut your mouth.

(hated if you don't, hated if you do)

Hated if you do, hated if you don't, hated if you do.
Tell me what do you want?
Hated if you do, hated if you don't.
Then show me how'd you do.
Hated if you do, hated if you don't, hated if you do.
Tell me what do you want?
Hated if you do, hated if you don't.
So shut your mouth.

Don't you like the way I do?
Do you hate where I came from?
If you suck and you're unable
there's one only thing to do.

So hate! (hate)
Hate! (hate)
Hate! (hate)
haaaaaate...Just hate!

Hate!...Hate!...Hate!
Hate!...Hate!...Hate!

Look out!

I Don't Follow

(G. Ricciolino)

And I know what you want, but I don't,
I just don't need you.
Hey you! It's my song!
You're just a fiction One Direction,
for your business shares and likes are the new illness.
It's just a lie!

Now I need to play what I like
I don't wanna be in your show.

Everyone tries to sell a lie
so please, move one.
Likes and shares, I don't care.
I do it for myself.

Don't change my song.

Now it's time to go on my own,
I don't wanna hide my soul.

There's no filter. I don't follow!
There's no filter. I don't follow!
Oh, there's no filter.
I don't wanna follow!
There's no filter. I don't follow!
There's no filter. I don't follow!
Oh, there's no filter.
I don't wanna follow! Don't wanna follow you!

Factors, voices, idols, boybands,
autotuned dumb dolls.
Yes for me it's a no, I don't care about your show.
Please like or follow us and share now!

And I know what I want, but I don't,
I just don't need you.
I don't follow you, I don't follow!

There's no filter. I don't follow!
There's no filter. I don't follow!
Oh, there's no filter.
I don't wanna follow!
There's no filter. I don't follow!
There's no filter. I don't follow!
Oh, there's no filter.
I don't wanna follow you!

There's no filter. I don't follow!
There's no filter. I don't follow!
Oh, there's no filter.

Money & Control

(G. Ricciolino)

And I know what you want, but I don't,
I just don't need you.
Hey you! It's my song!
You're just a fiction One Direction,
for your business shares and likes are the new illness.
It's just a lie!

Now I need to play what I like
I don't wanna be in your show.

Everyone tries to sell a lie
so please, move one.
Likes and shares, I don't care.
I do it for myself.

Don't change my song.

Now it's time to go on my own,
I don't wanna hide my soul.

There's no filter. I don't follow!
There's no filter. I don't follow!
Oh, there's no filter.
I don't wanna follow!
There's no filter. I don't follow!
There's no filter. I don't follow!
Oh, there's no filter.
I don't wanna follow! Don't wanna follow you!

Factors, voices, idols, boybands,
autotuned dumb dolls.
Yes for me it's a no, I don't care about your show.
Please like or follow us and share now!

And I know what I want, but I don't,
I just don't need you.
I don't follow you, I don't follow!

Leave Me

(G. Ricciolino)

Can you just live with no complaints.
I don't mind if you can't do it.
Would you just like to be freinds? No?
I don't mind, so don't bother me!

I don't want to hear your voices
in my head that judge me.
(Ooh I don't wanto to, ooh I don't need you)
I don't want to hear the sound
of all your voices talkin'
(Ooh I don't want you)
I wanna live, wanna live, wanna live.

Come on

Leave me, let me live, don't mind me!
Don't you really understand?
You'll never know what goes 'round in my mind.
You'll never know me anyway.

I don't care 'bout all your complaints
I don't mind if you're right or not.
Would you just like to be freinds? No?
I don't mind, so don't bother me!

I don't want to hear your voices
in my head that judge me.
(Ooh I don't wanto to, ooh I don't need you)
I don't want to hear the sound
of all your voices talkin'
(Ooh I don't want you)
I wanna live, wanna live, wanna live.

Come on

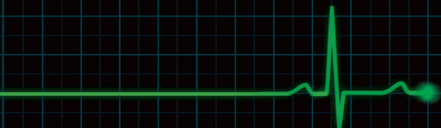

Leave me, let me live, don't mind me!
Don't you really understand?
You'll never know what goes 'round in my mind.
You'll never know me anyway.
Leave me, let me live, don't mind me!
Don't you really understand?
You'll never know what goes 'round in my mind.
You'll never know me anyway.

I don't want to hear your voices
in my head that judge me.
(Ooh I don't wanto to, ooh I don't need you)
I don't want to hear the sound
of all your voices talkin'
(Ooh I don't want you)
I wanna live, wanna live, wanna live.

Come on

Leave me, let me live, don't mind me!
Don't you really understand?
You'll never know what goes 'round in my mind.
You'll never know me anyway.

Yeeah! Wanna be... Woo oh!
I don't want to be that buddy
that you need just to lean on.
Yeeah! Yeeh! Wanna be... Woo ooh!
I don't want to be your buddy
I don't want to be your buddy
I don't want to be your buddy... I don't want!

Stand Up

(G. Ricciolino)

I know, life don't come easy
and sometimes you go just down.
I know, it's like a prison
you can't get out from. Oh I know!

But now you can get out.
Now you can free yourself.
You've got a reason why.
Go straight on to find your life.

Stand up, stand up.
Go ahead and fight.
Stand up, stand up.
Fight for your life.
When you think it's all just wasted
you can get up.
You've got to stand up,
stand up, stand up.

Come round and don't give up.
Now you can free yourself.
You've got a reason why.
Go straight on to find your life.

Stand up, stand up.
Go ahead and fight.
Stand up, stand up.
Fight for your life.
When you think it's all just wasted
you can get up.
You've got to stand up,
stand up, stand up.

When you have a dream, you've got to carry on
No matter how it's far, you gotta reach it by your own.
Don't let it go away. Don't let someone say no.
Fight for what you want!

Now it's time to carry on and try.
Now you can free yourself.
Life's too short to waste your time.
Go straight on to find your life.

Stand up, stand up.
Go ahead and fight.
Stand up, stand up.
Fight for your life.
When you think it's all just wasted
you can get up.
You've got to stand up,
stand up, stand up.

Don't go down, stay up, fight for your now!
Don't go down, stay up, fight for your now!
When you think it's all just wasted you can get up.
Don't go down, stay up, fight for your now!

Lookin' For A Future

(G. Ricciolino)

Now we're livin' our destiny.
The way we choose will win or loose.
Now we're livin' our destiny.
It's not to late to grab our fate.

Goin' around. Lost or found.
Another life or back in town.
Goin' around. Lost or found.
Another turn, another run!

Just try to be. Just try to see.
Another way of life is here.
Just try to be. Just try to see.
Another way for you and me.
Uncertain waitings.
One only chance is all we need.

Ooh ooh ooh!
We're lookin' for a future, woo ooh!
Ooh ooh ooh!
We're lookin' for a better time.
Ooh ooh ooh!
We're lookin' for a future, woo ooh!
Ooh ooh ooh!
We're lookin' for a better time.

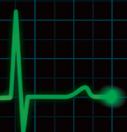

Ready to stay. Ready to go.
Don't ask me where, 'cause I really don't know.
There's another chance away from decadence.
There I wanna be. There I'll set me free.

Goin' around. Lost or found.
Another life or back in town.
Goin' around. Lost or found.
Another turn, another run!

Feed this hungry or it'll eat you alive.
Step this way, you're changing where you'll stay.

Ooh ooh ooh!
We're lookin' for a future, woo ooh!
Ooh ooh ooh!
We're lookin' for a better time.
Ooh ooh ooh!
We're lookin' for a future, woo ooh!
Ooh ooh ooh!
We're lookin' for a better time.

Ooh ooh ooh!
We're lookin' for a future, woo ooh!
Ooh ooh ooh!
We're lookin' for a better time.
Ooh ooh!
We want a shot!
Ooh ooh!
We want it now!
Ooh ooh!
Just let me hear...
Ooh ooh! Ooh ooh! Ooh ooh ooooooh!

Our Last Time

(G. Ricciolino)

Eye contact, none stops,
minds are trapped, they are stucked.
None give up
Tender glance without romance, no distance.
Confused feelings.
I can feel your body, baby...goin' down.

Skin on skin, touch the sin.
with feeling it's not obscene.
No control, the breath 'comes scream.
Confused dreams
I can feel your body, baby...goin' down.

Come on now. Come on now One more time.

This is our last time baby.
One night for losing control
This is our last time baby.
Come down with me tonight, so I will never forget.

No second ride, no other side.
We are as we decide.
When the lights will go down
I will miss you around

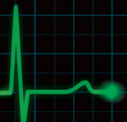

This is our last time baby.
One night for losing control
This is our last time baby.
Come down with me tonight, so I will never forget.

This is our last time baby.
One night for losing control
This is our last time baby.
Come down with me tonight, so I will never forget.

Eye contact, none stops,
minds are trapped, they are stucked.
None give up
Tender glance without romance, no distance.
Confused feelings.
I can feel your body, baby...goin' down.

Skin on skin, touch the sin.
with feeling it's not obscene.
No control, the breath 'comes scream.
Confused dreams
I can feel your body, baby...goin' down.

This is our last time baby.
One night for losing control
This is our last time baby.
Come down with me tonight!
Come down with me tonight!
Come down with me tonight!

Stay Around

(G. Ricciolino)

Where are you when I'm needing?
Where are you if I don't call you?
Were you caring? Will you heal me?
Just stay around me!

Don't you know that I am needing?
Will you come if I don't call you tonight?
If you want me, as I want you.
Just stay around me!

(Don't you need?)
So don't you need it?
(Do you want?)
You've got to stay around.
You've got to stay around me.
You've got to stay around! 'round! 'round!
Stay around me.
(Stay around me)

Easy come and easy go. In the shadows.
Like a ghost you disappear, since you're no more here.
You sould stay around me.

(Don't you need?)
So don't you need it?
(Do you want?)
You'd better stay around.
You'd better stay around me.
You've got to stay around me.
You've got to stay around! 'round! 'round!
Stay around me.
(Stay around me)

No way out, there's no way out.
No way out, there's no way out.

Don't you see and don't you hear.
Like a ghost you disappear.

Stay around! Stay around! Stay around!
You'd better stay around!

NO

(G. Ricciolino)

Come buy this magic product.
You're special, trust in me!
You'll shine just like the sun,
This is only for a number one!

No! You're not a special person.
You're just a normal one.
Who cares 'bout status symbols?
You are not a star!

NO! No genies!
No! No Rockstars!
No! No first ones!
You're just a number 0.
NO! No genies!
No! No Rockstars!
No! No first ones!
You're just a number.

Raised up thinking you were a hero,
You ended up looking more like a zero.
None is better if you really think.
Don't buy this shit 'cause it even stinks.

No! You're not a special person.
You're just a normal one.
Who cares 'bout status symbols?
You are not a star!

NO! No genies!
No! No Rockstars!
No! No first ones!
You're just a number 0.
NO! No genies!
No! No Rockstars!
No! No first ones!
You're just a number.

Everybody acts like stars, but nobody comes from mars.
Everybody thinks they are the chosen ones.

You're not...You're not so special!
You're not...You're not so special!
You're not...You're not so special!
You are not a star!

NO! No genies!
No! No Rockstars!
No! No first ones!
You're just a number 0.
NO! No genies!
No! No Rockstars!
No! No first ones!
You're just a number.

Everytime they're selling shit. Everytime you pay for it.
Everybody thinks they are the chosen ones.

NO! No genies!
No! No Rockstars!
No! No first ones!
You're just a number 0.
NO! No genies!
No! No Rockstars!
No! No first ones!
You're just a number 0.
You're just a number.
You're just a number 0

In My Nights

(G. Ricciolino)

Tell me where are you.
Tell me where's me.
Lost in the shadows, both we fall apart free.

Since you walked out that door,
now I need you more than I never did before.
Now that I can't hold you tight,
in my sleepless nights I'm alone.

In my nights, in my nights
I can feel the pain of every minute.
In my nights, in my nights
without you.
Everynight I go back where I left you in my mind,
In my nights I can feel time's running.

Tell me where are you.
Tell me where's me.
This sunset will be dawn, there's a way to break free.

But though many days are gone
I still need you more than I never did before.
And since I can't hold you tight
in my sleepless nights I go mad.

In my nights, in my nights
I can feel the pain of every minute.
In my nights, in my nights
without you.
Everynight I go back where I left you in my mind,
In my nights I can feel time's running out.

In my nights, in my nights.
In my nights, in my nights.
And my heart will always bear
all the scars of what you left in my life
and won't never fade.
